

THE CHIP FLYER

From the President's Notebook

April is here! Spring has sprung and the trees are budding out. Gardens are showing Crocuses and Snow Drops. Tulips are starting to push through. The Robins and Cardinals are serenading us from morning to night. Hibernating animals come out of their winter sleep and start foraging for food. April is the month of Aphrodite, Greek Goddess of love and beauty. It also brings us April Fool's Day, Easter and Earth Day. April's flowers are Daisy and Sweet Pea. And it's colours are Yellow and Red. April is the month of renewal and growth, warmer weather and sunnier days. I do hope our life situation during this pandemic mimics starts to resemble an April month.

The Guild is continuing with our Zoom meetings and we are working on a couple of IRDs for this month. Once we get confirmation, they will be logged into the Guild calendar, so keep an eye on our calendar.

The new website continues to evolve and improve. I encourage everyone to sign

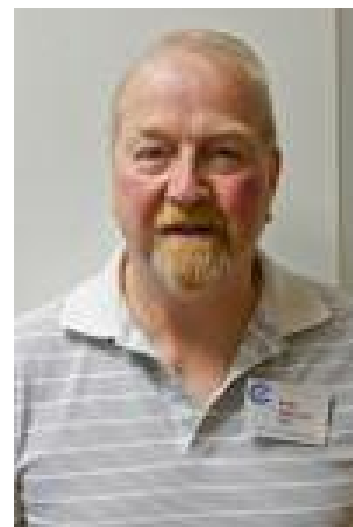

in and review it often. The member's Forum has received a few new The new website continues to evolve and improve. I encourage everyone to sign in and review it often. The member's Forum has received a few new conversations and I hope more people will use it for their questions and advice. The Trading Post has also been active with a few new items added last month. You will notice in the Contact Us page, the email addresses of all your Executive members has been removed. We ended up get phishing messages as crooks access the public email addresses. As a result, in the Member Only area we have added the Executive group so members can access their Executive.

Covid-19 continues to dominate our lives with both positives ad negatives. We enter a new lock down period in an effort to bring the surge of new variant cases under control province wide. And we will see more and more access to vaccines this month. Eligible people from 70 years old and above are presently in the queue. Pretty soon, people 65 and older will be eligible. I personally can't wait! The sooner we get vaccinated the better for everyone. So, when your age group comes up, don't heistate, go get the shot. It is free.

Last month's President's Challenge was a piece of jewelry. We had examples of rings, earrings, shawl pins, necklaces and a pendant. The winner was Al Pentland, congratulations Al.

President's Challenge: An April Flower.
